

An experimentally-validated multi-scale materials, process and device modelling & design platform enabling non-expert access to open innovation in the Organic and Large Area Electronics Industry (MUSICODE)

Grand Agreement: 953187

Project Start Date: 01/01/2021

Project Duration: 48 months

Deliverable 8.6 Data Management Plan

Date: 21-01-2022

Horizon 2020
European Union funding
for Research & Innovation

This project has received funding from the European Union's Horizon 2020 Research and Innovation Programme under the Call DT-NMBP-11-2020 "Open Innovation Platform for Materials Modelling"

| Project co-funded by the European Commission within Horizon 2020 Research and Innovation Programme | | |
|--|---|---|
| Dissemination Level | | |
| PU | Public | |
| PP | Restricted to other programme participants (including the Commission Service) | |
| RE | Restricted to a group specified by the consortium (including the Commission Services) | |
| CO | Confidential, only for members of the consortium (excluding the Commission Services) | x |

Deliverable author(s): Davide Di Stefano (ANSYS)

Contributors*: Elefterios Lidorikis (UoI), Argiris Laskarakis (AUTH), Chrisostomos Varlamis (OET), Ravi Silva (USUR), Britta Nestler (KIT), Sandra Jenatsch (FLUXIM), Aron Kneer (TINNIT), Peter Baumann (APEVA)

**the above contributors are representing their teams. All team members contributed to this deliverable*

| 4. Conclusions | 34 |

Publishable summary

Data Management Plans (DMPs) are a key element of good data management. A DMP describes the data management life cycle for the data to be collected, processed and/or generated by project. The present document illustrates the first version of DMP for the MUSICODE project. Following best practices¹ the MUSICODE DMP includes information concerning the handling of data during and after the project, that data will be collected, processed and/or generated, which methodology/standard will be used, whether the data will be shared, and how data will be curated and preserved. The MUSICODE DMP will be reviewed and updated bi-annually until end of the project.
